## [CCR Calendar](#)

Approval of minutes: Melanie, Sarah seconded. Motion passed.

### **Notes:**

CCR Operations - To ensure that each organization is represented in the areas of work that are of interest, please complete the survey and share with any additional staff/stakeholders. This will support coordinator in having the correct contact information for each working committee:

COVID- - support for outreach campaign and any additional events

Dual Capacity/Conscious Discipline - support collaboration on efforts that bridge the school/family connection

Education/Training - coordinate and develop LL&C, support training team outreach, and any additional training

Sustainability/strategic planning - finalize strategic plan update, support grant writing,

DCYSI: Drop in services in April with open houses in March. If organizations are interested in providing services on campus, this is the time to connect with Robert. Goal is to have therapeutic, advocacy, and social service on campus. Working with ODHS for licensing for on-site shelters and transitional housing.

### **Announcements:**

**FDC** has placed a therapist in the Winston and Canyonville sites. Serving children and adults as a way to reduce barriers to receiving services in Roseburg. Celebrate Children email will be coming out soon and need feedback.

**UCC** has many job openings, including a resource navigator position. This is a position that will help get students connected to OHP, social service programs, etc.

**DESD** - System of Care breakfast has openings for presentations over the next few months.

**Andrea** - the ability to retain trained staff, including Instructional Assistants has been a challenge, because of higher paying jobs. Public schools are struggling for staffing and structure that supports resilience building for kids. Is there a community conversation happening to address this issue to help?

Childcare Resource and Referral is supporting professional development within their field and may be a leader for this community.
