12:55 - 1:00	Review next steps & upcoming meetings

[CCR Calendar](#)

Approval of minutes: Sarah, Christin & Marcia seconded. Lee Ann will send out for electronically approval from missing organizations.

Notes:

CCR - Funds for a Family Wellness event to be scheduled. OCF has an application open for a grant that Lee Ann would like to explore and apply for.

Education/Outreach:

Training Team: Self-Regulation and Resilience Training held 3/3/22 with representation from CCR Training Team and Southern Oregon Success.

Summer Training Retreat for regional teams to be scheduled for June and hosted by CCR. The goal for this retreat is to bring all partners together in person to review updates to core Understanding ACEs curriculum and build relationships across the region.

Draft of [Coordinated Training "Menu"](#) is in development with the Education/Outreach Committee. Goal is to outline available training opportunities through CCR partners, develop coordinated procedures for outreach, scheduling, and evaluation. Sarah really liked this form, due to ease of finding training opportunities and many options for the different types of organizations.

Lots of energy around the Understanding ACEs training, trained over 500 people. DESD staff being training Friday, Thrive Umpqua at a later date.

Trauma Informed Presentation from Adapt, remember to be keeping staff safe with organizational care.

Lunch, Learn, & Connect series continues with the following opportunities:

- March (3/16) – Homeless Youth Roadmap Study
- April (4/20) – LGBTQIA+ Supports in Douglas County
- May – Community UpLiFT

CCR Sustainability:

Lee Ann shared the strategic plan document and asked for input on the "gear images". Notes that the document is simplified and streamlined to the heart of the work. Would like to highlight partners in the document.

Additionally, I would like to add a work plan from each organization. Awareness of what the organizations are doing so they can help each other out. Lee Ann is ready to wrap the strategic plan up. Needs data to drive policies on the document. To be added to the next agenda, not enough organizations for input. Also allow those who have seen it to think about what needs to be changed.
