12:20 - 12:55 - CCR Sustainability	Strategic Plan - in meeting folder Recommendation for Training Coordinator
12:55 - 1:00	Review next steps & upcoming meetings

[CCR Calendar](#)

Notes:

Announcements:

Ron: Phoenix just received a large grant for “fuel reduction” for wildland/urban interface. This work will use youth and adult crews and Ron is excited to help people get connected to this work. If they can get it sponsored, hoping to offer a “boot camp” for women interested in getting involved with fire fighting.

Melanie: Peace at Home is facing a challenge with kids in shelter programs with limited options for drop-in programs to engage them. Looking for activities related for kids in ages 5-11.

Thomas believes that there may be options with summer programming at Phoenix. Will know on Friday about the funding.

Creating Community Resilience Coalition Manager position has been posted on the Douglas ESD employment page. Lee Ann is working on posting the position on CCR’s website. Ad hoc committee needs to be created and Lee Ann will send an email out for any interest. Melanie would be happy to be a part of and possibly considering being chair.

Marsha shared that school districts are offering 6 weeks of summer school. 5 year olds who will be coming to kindergarten will be eligible and encouraged to participate in summer school.

Discussion/Approval of Minutes: Moved by Thomas. Seconded by Sarah. No discussion, minutes are approved.

HYSI:

The study is almost ready to be in its final version and the committee is ready to take next steps to support the work. There is interest in taking two approaches: immediate and everyday needs of homeless youth, as well as strategic, high-level efforts, where CCR can provide leadership and support. Once the study is published, Thomas would like to present the study to possibly city council officials, Board of Commissioners, and any other officials to get the study some advertisement.

Thomas provided an update on Tasha’s House: is exploring options to establish a youth drop-in center that may also branch into youth shelter options. This center will be LGBTQIA+ specific, but straight-inclusive.

Discussion about the impacts of homelessness on ACEs and community resilience. Current work in the initiative includes community partners who are outside of the CCR Core Leadership but represent important voices for services, supports, and policy regarding youth homeless.

The work of promoting the study can be an opportunity for CCR awareness.

Chair appointed HYSI as a formal committee of CCR. Will provide information regarding the meeting for organizations who have interest in staff participation. When the committee is more formally established, will explore a vote for a standing committee.

Early June, would like to have a breakfast meet and greet with the training team and CCR leadership. Save the date for June 9th at 8:30. This breakfast meeting will be held at the ESD's new family resource center.

Peace at Home may have future office space for the new CCR office in downtown Roseburg off of Chadwick, which would have the perfect training space as well. The property has two office spaces, in addition to kitchen and conference spaces. Discussion on how this could support increased awareness and provide additional support and structure for the training team. Melanie will get expenses to Lee Ann and Thomas.
