12:55 - 1:00	Review next steps & upcoming meetings

[CCR Calendar](#)

Meeting Minutes:

-This meeting did not have a quorum so September meeting minutes were not approved.

Grant Updates

-Working on the Tobacco Prevention Grant. The position will be out and posted by the end of the week. Hopefully to hire someone by the beginning of November.

-There is about \$10,000 left for the project after the position so Thomas proposed partnering with other CLT organizations. Maybe ADAPT, Peace at Home, CARES? An idea was an after school Healthy Relationships club at Phoenix. Getting engagement with students. Strengthening relationships and primary prevention, giving students other options that drug use. Mckenzy from ADAPT should be included in leadership discussions.

-Another suggestion was connecting with Mendy Endicott from Roseburg for programs being offered at RHS. Sarah Wickersham suggested connecting with the ESD to touch more schools. Thomas shared that ESD is might not currently be accepting of "microgrants"

-Other suggestions were Winston teen center, Boys and Girls club, FARA.

-YDD grant: creating a budget amendment and partnering with more schools. Roseburg Public school and Phoenix Charter school are already on board and hopefully to include Sutherlin and Yoncalla. This work is getting ACEs training out in the schools.

Current Attending Members

-We have some members who are on the books but not able to attend so we lose out on their voice and input. How can we connect? Cow Creek, Juvenile Dept., ADAPT

-Pitching to staff that are able to be more involved, not just the top dogs.

-Sarah mentioned a connection with the juvenile dept.

-Sandy Henry was named as the connection person for Cow Creek and Ron will reach out. Thomas will reach out to Alyssa at Cow Creek

-Mckenzy from ADAPT would be a great connection to have at leadership and Rachel will reach out to her.

Thrive Umpqua and FARA would be great agencies to invite to the Leadership Team. FARA has a full plan right now but is inviting them to come. Thrive has more capacity to participate. Sarah Wickersham as the chair asked Rachel to send Thrive an application and then the CLT can vote on them joining. Rachel will send the application.

LL&C: We started gathering data with adding in a survey at the end of the event.

LGBTQIA+ workgroup: this group has still been meeting. It's been identified as a time to step back and having the Rainbow Collective take on the work and let them know we are here to support them with things moving forward, collaborating on grants in the future.

Conscious Discipline Group: still has a lot of engagement. Working with parents and children to get the information out.

November is Resilience Month: Mckenzy is willing to do a virtual training on Self-Regulation and Resilience Training. LCT will look into potentially doing a KQEN spot and advertising the events we are doing. The first commercial may be able to come out in November. Another idea

is hosting an Open House at Pacific House. Potentially provide books, tools, activities, and posters. Maybe The Ford Family Foundation can help support books.

Train the Trainer: Rachel has four of the five spots filled and still hoping to give the fifth stop to Aviva. Melanie will reach out to the Mobile Crisis Team to have someone to attend.

Commercial: Everyone enjoyed the commercials. Does OHA need to have their logo on the commercials? And can we put it on TV? Rachel will reach out to the community engagement coordinator.

CCR website: Rachel will be adding a calendar to the CCR website.

CHIP application: Very competitive funding. Could we put ideas we just had put toward OHA to CHIP? Melanie suggested asking for the same funding we had last year for the FWW event and supplies. Ron talked about sustainability of the event and how to show that to funders.

Family Wellness Wonderland on Dec. 17th. Meeting will start soon for planning.
