[CCR Calendar](#)

Dec, 14th Meeting Minutes:

Completed check-in and welcomed Jim Pittman from UCC to his first meeting
November Meeting Minutes: Ron motioned to approve 1st and Stacy seconded. No denies so minutes approved.

Reminded the group that our COVID grant ends this month. The FWW wonderland will be the last vaccine event CCR hosts. All of the reports for this grant are due Jan. 15th

Rachel shared that in 2023 any CCR core leadership agency can apply to be the backbone agency for CCR for the next two years. Ron explained the process according to the CCR bylaws. Rachel has the application so if any agency is interested in applying that they need to submit the application by the end of February and the Leadership team will review the applications and make a decision in March and the new backbone agency would start in July.. Ron reminded everyone that if the backbone agency did change there would need to be a grace period with the grants being switched over.

For LL&C the question came up if we should move these to hybrid or stay online? Christin mentioned the high numbers of covid, flu, and RSV that are currently happening and expected to remain through the winter/spring. Leadership team decided to remind online for the next three months and then re-evaluate.

Rachel shared the 2023 goals of the training team to have CCR host a monthly Understanding ACEs training and a Self-Regulation and Resilience training. The goal is to assist in getting as many trainers certified as possible and get our training numbers up.

The first medical ACEs training flier was shared. Some leadership members felt that it was "too wordie" McKenzy offered to help recreate the flier to look more appealing.

The commercial campaign is being shared throughout Douglas County. Hopefully everyone will get to see it soon.

The Family Wellness Wonderland event is scheduled for this Saturday Dec. 17th from 10-3 at the Douglas County Fairgrounds. There are about 30 community agencies planning to come along with Santa, Anna & Elsa, a bounce slide, and face painting.

Rachel completed a CHIP grant application for 2023 asking for funds to support community events that are in partnership with each Core Leadership agency.

Ron shared that CCR applied for a grant with the ESD to support LGBTQIA+ youth and to hire a staff person to help LGBTQIA+ youth get employment. We will find out soon if we got the grant.

There were no other questions or concerns. Meeting adjourned.
